

What's new on Robinhood Legend?

From volume profile tools to a dozen new technical indicators, check out what we've added.

Volume profile tools

You asked, and we delivered. You now have a suite of five indicators and drawing tools that visualize volume by price.

Even more crypto

Take your crypto trading and analysis to the next level, now with over 10 crypto assets available to trade and an additional 7 available to chart.

Access to additional indicators

Legend now offers 80 technical indicators. Evaluate trend strength, momentum, and volume dynamics with WaveTrend, Williams %R, and other new additions.

All investments involve risk and loss of principal is possible.

While there is no additional cost to use Legend, there are other fees associated with your brokerage account. Review our fee schedule for more information. There is a transaction-based fee associated with cryptocurrency trades through Robinhood Legend. Please review the RHC Fee Schedule for a description of that fee.

Some of the capabilities of Robinhood Legend may be different or absent from what is offered via the Robinhood mobile app or Robinhood classic. You must have a Robinhood Crypto account to trade crypto on Legend. Please be sure to understand these differences and what might work best for you.

Robinhood Financial LLC (member SIPC), is a registered broker dealer. Robinhood Securities, LLC (member SIPC), is a registered broker dealer and provides brokerage clearing services.
