

New features on Robinhood Legend

We’re excited to share our latest batch of monthly improvements to Robinhood Legend, with all-new features and tools to supercharge your analysis and trading. New additions include:

- **Volume profile indicators and drawing tools:** You asked, and we delivered. You now have a suite of five indicators and drawing tools that visualize volume by price.
- **Even more crypto:** Take your crypto trading and analysis to the next level, now with over 10 crypto assets available to trade and an additional 7 available to chart.
- **Access to additional indicators:** Legend now offers 80 technical indicators. Evaluate trend strength, momentum, and volume dynamics with WaveTrend, Williams %R, and other new additions.
